Swim Scholarships for Kids in Need -
Transforming Lives

"One of the moms shared that all of the parents are so grateful for the opportunity to have swimming lessons for their preschoolers, as well as the opportunity to be in a parent-child class with their toddlers.

She said the families would not have swimming this summer without BBAF swim scholarships.

Thank you so much for making the water accessible to our community youth and families."

- Loree, BBAF Partner

"I feel really good knowing that my daughter is learning to swim.

She is more confident and talks about it all the time.

She loves it."

- LaDoris, BBAF Parent

**Thank you for saving lives
and changing lives through
aquatics!**
