

BBAF Splash Stories

COVID-19 has made things difficult in many aspects of our lives and it's sad that few pools are open for youth aquatics. Many of the children you support aren't learning to swim, as well as lack the opportunity to stay active and healthy. To address the urgent need for youth to engage in activities that promote their physical and mental health, for the rest of 2020, BBAF will offer scholarship funding beyond just swimming, to now include physical activity and athletic programs that teach, support, and encourage kids to be active and healthy, especially those in difficult financial situations.

When you're unable to get to the pool and swim, you find other ways to stay healthy and be active knowing how important it is to your overall wellness. Many kids are turning to on-ground, out-of-the-water programs to keep active, develop friendships, learn new sports, and stay healthy in mind, body and spirit.

Because you care about these kids and believe in BBAF's mission to promote healthy lifestyles, improve personal safety, and build a foundation for lifelong achievement, your generosity brings wellness to local children who need it most.

Your gifts make a real difference to lots of local kids...you are truly changing lives.

Young lives like Yenifer's. Yenifer, BBAF Swim and Water Polo, shared that playing Water Polo through high school, "*helped me stay on track to finish school.*" With the support of generous people like you, she is the first in her family to start college this year at the University of San Francisco!

**"It doesn't matter what you look like, where you're from, what you do, what your parents do. You're in that pool. You have the ability to be whatever you want to be. Don't let anybody else tell you otherwise."
- Maritza Correia McClendon, US Olympian**

GIVE TODAY

Your support makes a difference!

"Please accept my donation to help kids learn to swim. I grew up going to the New Jersey shore, where too many drownings occurred to kids who lacked the ability to swim. Thanks for what you are doing." - Mary, 1st-time BBAF Donor

"My Masters swim team is so important to me that I want to share my joy of swimming with a child." - Sandy, BBAF Donor
